1. I presented the [] case to Mr. Meloon as hypothetical and described to him the Post Office appointment action of which a copy resides in [] personnel file. He stated that unless a time limitation is found on the appointment form, the appointment is indefinite and not for less than a year so that [] would be within ~~the~~ purview of 21 Comp. Con. 177.

2. Mr. Meloon ~~was~~ advised as a matter of policy that the Post Office Department did not usually transfer its employees from one city to another.

3. He added however that ^{if} /for example, the Post Office Department had decided to transfer [] to Washington, he would have no hesitancy in approving the payment of travel etc.
